Please answer the following questions. Provide as much detail as possible and write in full paragraphs.

1. Please outline how you first heard about the role, and the reasons you wish to become an Independent Assessor (IA) on behalf of the HTA.

--

2. The number of assessments an IA undertakes in a year can vary. Please provide detailed confirmation that you have sufficient time available to undertake an assessment interview and to complete an online report. Some cases are more complex and the HTA may require further clarification from IAs. IAs should be contactable for the 5 days following the submission of a report.

3. Occasionally, potential donors or recipients can get nervous or anxious before an assessment and are reluctant to talk to an IA in any detail. Please give an example of a situation you have been in where you have experienced difficulties such as those listed above, and explain how you overcame these.
